Professor John Hutchinson
6 Solander Place
Yarralumla ACT 2600

Dear Professor Hutchinson,

I am very pleased to write formally to tell you that your name will be inscribed on the Roll of Professors Emeriti.

I would like to confirm with you the relevant details of your service with the University for inscription on the Roll. These are:

John Hutchinson (1975 - 2013)

Professor (1975 - 2013)

1999

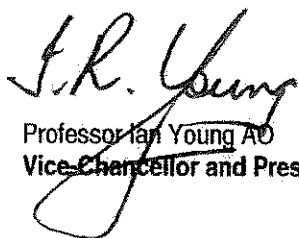

Please note that all professors are Professors of the University and not of a particular discipline. The only exceptions to this are named chairs.

The dates shown in parentheses after your name, record the period of service with the University up to the last year in which you were a Professor of The University. The Roll does not include other service details or appointments below the level of head of research school or its equivalent, or academic qualifications and honours. These are well documented in other University records.

You may use the title of Emeritus Professor of The Australian National University whenever appropriate. You are also invited to participate in University functions (not being functions confined by law to persons at present in the University) and will be accorded the precedence and courtesy due to a serving Professor of the University.

I look forward to hearing from you to confirm your details. When the Roll has been inscribed you will be contacted to arrange a time to sign the Roll.

Yours sincerely

Professor Ian Young AO
Vice-Chancellor and President

MEMO

SUBJECT **Emeritus Status – Professor John Hutchinson**

TO Professor Ian Young, Vice-Chancellor

FROM Chelsea Holton, Manager Recruitment and Appointments Branch
Human Resources Division

DATE 9 December 2013

FILE REF 7500224P

Attached is the nomination from Professor Andrew Roberts, Dean, ANU College of Physical & Mathematical Sciences, recommending that the name of Professor John Hutchinson be entered in the University's Roll of Emeritus Professors.

Professor Hutchinson commenced his employment with the University in 1975. During his tenure at the University, he has held the position of Professor in the Mathematical Sciences Institute in the College of Physical and Mathematical Sciences. Professor Hutchinson holds Australia's most highly cited mathematics research paper.

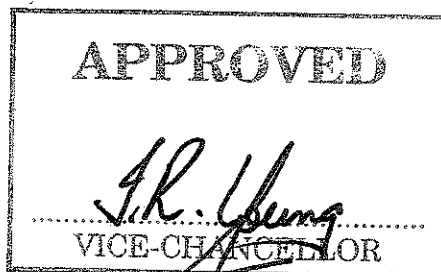

Further information outlining Professor Hutchinson's career achievements is attached in his Curriculum Vitae.

Recommendation

That the name of Professor John Hutchinson be entered on the Roll of Emeritus Professors, in line with University Policy.

Please find the attached letter for your final approval and signature.

Chelsea Holton
Manager, Recruitment and Appointments Branch
